Winemaking

The Grand Cru Clos de la Roche is located in the commune of Morey-Saint-Denis, south of the Grand Cru vineyards Bonnes-Mares and Clos Saint-Denis. The vineyard is oriented to the east and southeast, with an elevation between 270 and 300 meters. The vines are planted on limestone, marl, combined with pebbles. This soil composition provides excellent drainage and contributes to the minerality and structure of the wines. The aging takes place in oak barrels, with 50% new oak.

Our tasting note

Light ruby color with purplish to garnet hues. The nose combines floral aromas with those of cranberries and cherries, along with pepper and truffle. On the palate, it is full-bodied and balanced, with great complexity and a very long finish.

Amiot et Fils

The Amiot family has been dedicated to viticulture and the art of winemaking for over ten generations. Pierre significantly shaped the estate by designing the first bottle label in 1976, giving it a distinctive identity. Since the 1980s, his son Jean-Louis has continued this tradition with passion and expertise. He is supported by his wife Chantal and their son Léon, who will follow in his footsteps. Domaine Amiot et Fils, located in Morey-Saint-Denis, spans 5 hectares, from Gevrey-Chambertin to Chambolle-Musigny. The estate offers a complete range of Burgundy's four appellation levels, from «Apellation régionale» to «Grand Cru».
