The grape must of naturally dried grapes is filled into small oak barrels of 20 to 50 litres for fermentation and is subsequently sealed with wax. The oak barrels are first opened again after 4 to 5 years of storage under air-tight conditions.

Our tasting note

Almost amber in colour. Its nose has intensive notes of dried fruits, candied oranges and roasted hazel nuts. Intense on the palate with lasting fruit aromas and almost endless finish.

Boscarelli

The Genoese De Ferrari Corradi family has been the proprietor of the small but fine Poderi Boscarelli vineyard, situated on the hills of Cervognano, since the sixties. The family-run Boscarelli vineyard was founded by husband and wife Paola Corradi and Ippolito De Ferrari in 1962. Today, the two brothers Luca and Nicolò cultivate the 18 hectare vineyard with great expertise and enthusiasm, bringing the third generation of tradition to the Vino Nobile. Variety-typical and exquisite wines are produced, which count among the best of the region.
