Our tasting note

The fine cuvées from Vermentino, Viognier and Fiano invoke thoughts of the rich aromas of Bolgheri. Attractive aromatic nose of ripe fruits, blossoms and a hint of sweet honey. Full-bodied and expressive on the pallet, the wine combines floral and fruity taste nuances with the complexity and minerality of the barrique ageing.

Ca'Marcanda

The Ca'Marcanda winery is exclusively owned by the Gaja family. It is located near Bolgheri and stands out for its magnificent architecture, which blends seamlessly with the Tuscan landscape. The area has an excellent climate for growing international grape varieties such as Cabernet Sauvignon, Cabernet Franc, Merlot and Syrah. Angelo Gaja has been planting roughly 120 hectares of vineyard since 1996. Despite that fact that he grows international grape varieties, Gaja certainly does not produce wines for international pallets, but far more wines that reflect the local terroir with its elegance, freshness and drinking pleasure.
