Winemaker Vino Grande - Spiegelau

Description

Volumen 197 mm, Volumen 315 ml

Vino Grande - Spiegelau

Spiegelau is a glass maker with long tradition. The first recorded mention of the Spiegelau factory is dated back in 1521. From creating fine glass mirrors for the old Royal courts of Europe Spiegelau has succeeded in transforming its 500 years experience of hand craftsmanship into fully machine made production with cutting edge technology. Staying faithful to the spirit of Bavarian artisan craftsmanship, the glassmaker adopts the latest, most innovative technology to make sure the glasses are very reliable and durable. Spiegelau glasses are not only sparkling in brilliant clarity, they are also extremely breakage resistant and dishwasher safe. With specific glasses for particular wines as well as universal glasses, a Spiegelau glass rises to any occasion.
